

Ventilated Starter Strip

FINISH	ACTUAL DIMENSIONS	LENGTH	INSTALLATION
Galvanized steel	$3/4" \times 2"$	10'	Siding installed horizontally

General Specifications

Galvanized steel ventilated strip for horizontal siding. Open at 50%, the perforated pattern ensures proper ventilation and drainage of the wall while preventing rodents and certain insects from getting in behind the siding.

Maibec em+® Siding

Eliminates the need for face nails while providing easy leveling of starter course.

Regular Siding

Use it with regular siding to easily level the starter course.

PACKAGING

- Piece of 10 ft
