maibec GENUINE WOOD SIDING,
NATURALLY RESISTANT TO
THE ELEMENTS.

maibec® Genuine Wood Siding: Your True Nature

There is nothing quite like genuine wood. Organic, solid, stable and naturally resistant to the elements, it has enhanced the beauty of homes for hundreds of years. By choosing **maibec** siding, you choose to live in harmony with nature. You affirm your deep convictions for *durable quality* and a *healthy environment*.

As a manufacturer, we, too, have chosen genuine wood for its extraordinary natural properties and have mastered the art of bringing you all the material and aesthetic qualities of genuine wood without compromising its integrity. From our environmentally responsible supply management to our *personal approach to your project*, **maibec** puts both nature and your individual needs first.

maibec genuine wood siding: the mark of your true nature, for generations to come.

Quality. Uniqueness.

maibec® genuine wood siding is known for its stability, durability and quality finish in an endless choice of colours. A reputation that has made it a Classic.

The best from nature. The best from **maibec**.

maibec has the most stringent selection standards for material and visual conformity in the industry. From the forest to production controls, we can assure you a top quality product every time. We can supply a FSC® certified product upon request.*

* Shipping delays could apply

Upon request

The mark of responsible forestry

A confirmed assurance of quality.

The stain is factory-coated on all six sides in a controlled environment for a guaranteed uniform finish and enhanced protection against sun and weather damage.

Total peace of mind. Our original 50-year warranty against wood decay, 15-year* warranty on two coats of solid colour stain (extendable up to 30 years) and 5-year* warranty on labour is one of the best warranties in the industry and your guarantee of maintenance-free siding for years to come.

* Some restrictions apply.

The warranty varies for semi-transparent products. Consult our website to your retailer.

The greatest durability. The least upkeep.

maibec genuine wood siding is designed to last a long time... a very long time. Our products have stood the test of time for decades throughout North America and Europe, under the most severe weather conditions.

All your true colours.

Think of any colour and we can match it. The choice is endless. With our TrueMatch® system, you decide the exact colour you want. Any colour, any colour at all! Let your inspiration be your guide; you can always count on the same premium quality stain, factory-coated on all six sides.

Easy. Send us a colour sample. Our experts will produce a solid colour stain to match your choice.

Fast. Contact us directly for your personal wood siding samples. They will be delivered to your door within 5 working days for your approval.

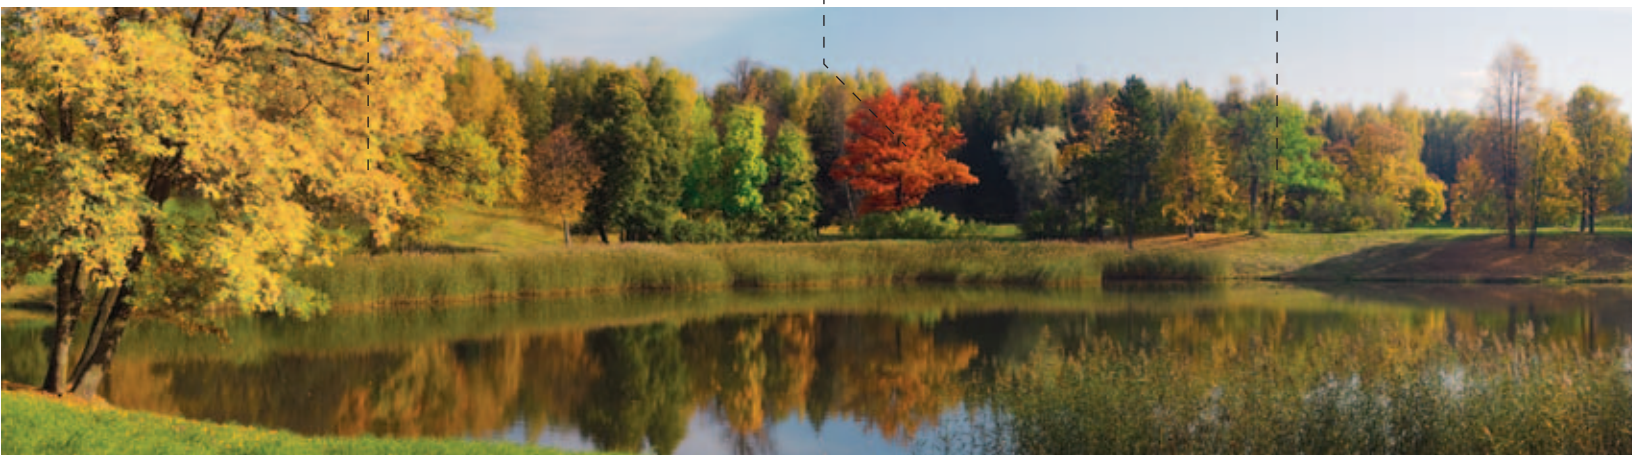

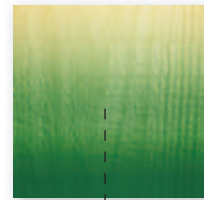

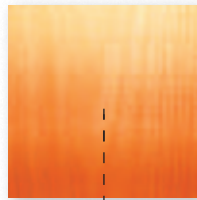

Exact. Your satisfaction is the last word and your assurance that the factory-coated siding will always be exactly what you wanted.

Trendy. **maibec** offers a Trendy Solid Colour Program easy to order. Just contact your local **maibec** retailer for the latest choice available.

Natural. You prefer the natural beauty of wood and a wood tone appearance, **maibec** has a limited colour choice of semi-transparent finishes.

Almost 100 basic colours

In addition to our TrueMatch® system, we offer a full range of traditional or contemporary colours.

maibec[®] sidings

THOR Torrefied Wood™ Siding

Permanent Quality & Style

This natural heat treated siding is warranted against wood decay for 60 years and provides you total peace of mind for years to come. Adopted centuries ago by the Vikings to enhance wood resistance and durability, torrefaction is a 100% natural process that involves prolonged, high temperature treatment of wood reaching 200°C (approximately 400°F) making it amazingly stable. With THOR Torrefied Wood™, **maibec** offers you the best that heat treated wood can provide: Permanent Quality & Style.

Eastern White Cedar Shingles

What Others Want To Be[®]

maibec offers a complete line of Eastern White Cedar shingles. Traditional or Victorian Style, in pre-assembled strips for big jobs, all our products come in an unlimited choice of colours thanks to our TrueMatch[®] system. Our shingles are guaranteed up to 50 years against wood decay and 15 years on stain (2 coats, solid colour stain).

maibec has been active in wood processing for almost 40 years. Initially manufacturing timber, we have constantly innovated in the development of a vast range of wood products for the building material industry.

Choose **maibec** products for their durability and charm.
