* Substrate thickness may vary +/- 1/16".

General Specifications

SUBSTRATE

- LP SmartSide®

MANUFACTURING

- Treated engineered lap siding strand substrate;
- Available in a textured finish.

PACKAGING

- Panels: 8' or 10' lengths
- Battens: 16' lengths

AVAILABLE COLORS

- Maibec solid stain color chart
- Maibec Resistech™ Natural tones
- Elite Extra solid paint. Unlimited choice of solid colors, with our TrueMatch® system

FACTORY-STAINING

- Lap siding is factory-coated in a controlled environment for maximum paint absorption and retention. This also provides increased protection from the damaging effects of the sun and the elements.

INSTALLATION

- Battens can be installed over the not-grooved panels.
- You can use a 1" x 2" or a 1" x 3" batten.
- A 1" x 3" batten is recommended for a 16" OC spacing.

For installation requirements, see installation guide at maibec.com.
